

The globally operating HIRSCH Servo Group with more than 45 years of experience in the EPS and EPP industry is both, a market leader in processing with headquarters in Glanegg/Carinthia and 19 other manufacturing facilities in Central-, East- and South-East Europe (Germany, Hungary, Poland, Romania, Slovakia, Ukraine) as well as a supplier of technology for energy- and resource-efficient machinery for processing EPS and EPP into shaped-molded parts and insulation. As a stable employer, the HIRSCH Servo Group provides about 1200 jobs in the two business segments – EPS-Processing and Technology –, thereof about 250 in Carinthia/Austria.

To strengthen our team for HIRSCH Maschinenbau in Glanegg/Carinthia, as from now on we are looking for a responsible and committed

CNC ENGINEER (m/f)

Your tasks

Controlling and monitoring of production processes for individual parts and small series
Independent programming and operating of 3- to 5-axis driven milling machines with Heidenhain-control for manufacturing individual parts and small series

Your profile

Completed formation as fitter, electrician, mechatronics engineer or mechanic or a similar formation, respectively (HTL or apprenticeship)
Several years of experience in the CNC-area
Knowledge concerning Heidenhain-control
Good coordination and organizational skills
Willingness to work in shifts

Your perspectives

An innovative and highly interesting assignment in a promising industry as long-term position with a performance-oriented salary
Targeted further training
Supportive and motivated team
Innovative working atmosphere
Opportunities for development and advancement in one of the most innovative and dynamic enterprises of the industry

We are prepared to remunerate considerably above the minimum wage of the collective agreement and offer a salary for this position, which considers your qualification and experience.

For legal reasons we point out that the expected monthly minimum salary for this position amounts to € 2,206 gross.
